# Validate Customer module

* Send new registration mail
Enable sending an e-mail to admins when a customer register

* Send email to the following addresses
A comma separated list of admins e-mails, who should be notified when a customer register

* Auto send mail when account activated
Automatically send an e-mail to customer when an admin ha activated their account

* Customer groups that requires validation
Selected groups cannot login until manually activated. Default PrestaShop group Customer is enabled by default. This settings is only useful if you have an additional module allowing customer to select group when registering.

This is the message customer see in the registration form. Can be customized by using PrestaShops module translations.
